Resident tools & support

Omnicare®

a ❤CVSHealth. company

As your pharmacy partner, we provide your residents with an array of innovative tools designed to save them money, contribute to their wellness and fit their lifestyle and needs.

MyOmniview

When residents choose Omnicare as their pharmacy provider, they can take advantage of MyOmniview, our secure web portal that provides residents and their RPs with access to intuitive tools and resources to effectively manage pharmacy activities.

Through MyOmniview users have access to:

- An interactive Message Center to view notifications and alerts regarding the resident's pharmacy care details

- Electronic invoice and bill pay to monitor pharmacy spending

- Resident medication records

- A dedicated support team to answer questions regarding your Omnicare pharmacy services

- Easy access to OmniPlanFinder

OmniPlanFinder

In addition to our larger web-based worksite, we have OmniPlanFinder, our proprietary web portal that's designed for residents and responsible parties to more easily find the most cost-effective Medicare Advantage or Medicare Part D plan, and simplifies what can be an overwhelming Medicare enrollment process.

Community vaccination clinics

Together with CVS Pharmacy® we have expanded capabilities to offer your community onsite vaccination clinics to residents and staff.

- CVS pharmacists administer needed vaccinations including flu shots, Prevnar®23, Pneumovax® and Shingrix® (A CVS Pharmacy voucher program is available to staff without flu benefits).

OTC Advantage program

Our program provides an affordable and safe alternative to managing OTC medications, including: 30-day, single dose, generic OTCs that have been pharmacist-checked, packaged and delivered directly to the community.

Resident support specialists

Resident support specialists are available to senior living communities and residents to help answer any questions you may have. Our friendly support specialists are available to residents and responsible parties to provide price estimates, assist with billing questions and much more.
